

DOU PLANT HANGER

BONBON COLLECTION

MODERN PLANT HANGER

project : IZABELA SEREJ
SZYMON SEREJ

We designed the DOU plant hanger so that it can be hung directly from the ceiling. The DOU planter has a wider structure than its brother MOU, which is why it works great with more spreading plants, such as Calathea, ferns. The dou hanging planter is available with or without a special metal pot. You decide what you need most.

Details:

- made of steel
