HALO

MIRROR WITH PLACE FOR A PLANT

project : IZABELA SEREJ

The main function of the lush HALO mirror is to multiply the impression of greenery in the interior. To achieve this, we designed a special shelf with a hole for the plant cover. Thanks to this, you gain a functional place for plants and duplicate the greenery in your interior. The HALO mirror is a perfect solution for the space of an apartment, restaurant or hotel. Let it be green!
