COSMO COLLECTION

MODERN WALL PLANT HANGER

project : IZABELA SEREJ

Nabu is a modern, hanging wall planter with clean and geometric shapes. We were inspired to create it by the green planet Naboo from Star Wars. Its inhabitants had a unique view of the two moons, which you will also find in the shape of the product. Thanks to the light, minimalist form, the Nabu plant hanger gives the interior character, while displaying all the charms of the plant.
